To Whom it may concern:

This response is in reference to your letter dated 01/02/2014 seeking additional information received by the Committee. Regarding your request, a total of 3 transactions which were input for the Primary were due to a clerical error due to a technological issue with the software used by the Committee. These errors have since been corrected.

The Committee has also corrected the contribution from: Morongo Band of Mission Indians Native American Rights Fund. This was a Tribal contribution and has been corrected.

On behalf of the Committee, if I can provide additional clarification please do not hesitate to contact me.

Sincerely,

Lenora Sue Gompert
